

Heart Of Gold

Madina Lake

I think I'm standing on a landmine
I think that I've been since I can't indulge
Straight into your heart of gold
Followed your love into a rabbit hole
So I need these changes coming your soul
Straight into your heart of gold

You had your demons down below
They're trying to keep me from loving you
Oh-oh-oh oh-oh-oh
Go burn the bridges take out the roads
Go break my fingers but I won't let go
Oh-oh-oh I'll never let go

Your heart is ticking like an atom bomb
Head's full of pain and watch it blow us apart
And still I hold your heart of gold
Your road is littered with the misery
Invisible to everybody but me
And still I hold your heart of gold

There is abyss underneath what's below
And under that pain is a beautiful soul
A beautiful heart of gold

You had your demons down below
They're trying to keep me from loving you
Oh-oh-oh oh-oh-oh
Go burn the bridges take out the roads
Go break my fingers but I won't let go
Oh-oh-oh I'll never let go

Even if it breaks me apart
Even if they break all my fingers
I won't let go
Cause I've been where you are right now
Desperate enough to take any way out
But I ain't try

Even if they break us apart
Even if they get our lovely blue skies to fall
I won't let go
Promise me, you gotta hold on
Together we can hunt your demons all down
One by one

Lust, love, self-inflicted hate
Dreams die, everything's turning grey
Quick as the sand, slow to escape
Just trust me and I'll never let go
