

# bittersweet

Madison Beer

Can't believe it ends this way  
Thought you'd always stay  
Now I gotta wonder what I changed  
Think I have to go  
Walking all alone  
Hate to see it all go down the drain  
Wanted to be with you  
Wanted to make it through, but did you?  
I swear I knew

Now that it's over, you blame it all on me  
I know I should be bitter, but baby, right now I'm bittersweet  
I'm getting over what you put me through  
And I'd say I'm done crying, but baby, I don't lie like you do  
You do  
You do  
Right now I'm bittersweet  
Ooh  
Mm  
Right now I'm bittersweet

One day I'll wake up sad  
But go to bed so glad  
Knowing you know what you could have had  
Now I'm choosing me  
It wasn't so easy  
God forbid forever on my knees  
Know you want make it right  
Can't look me in the eyes  
Good for you  
I always think I knew

Now that it's over, you blame it all on me  
I know I should be bitter, but baby, right now I'm bittersweet  
I'm getting over what you put me through  
And I'd say I'm done crying, but baby, I don't lie like you do  
You do  
You do  
Right now I'm bittersweet  
Ooh  
Mm (Oh)  
Right now I'm bittersweet

I lay awake thinkin' "How did I let you go?"  
Gettin' away unscathed for so damn long  
I got away, took my time, I'm okay alone  
And you stay knowing you forever know how hard I tried  
With you, oh

Now that it's over, you blame it all on me  
I know I should be bitter, but baby, right now I'm bittersweet  
I'm getting over what you put me through  
And I'd say I'm done crying, but baby, I don't lie like you do  
You do  
You do  
Right now I'm bittersweet  
Ooh

Mm (Ooh)  
Right now I'm bittersweet
