

# Boy Shit

Madison Beer

I'm lettin' you in, you're lettin' me down  
I swear when you talk you're just like the sound  
One too many times I let you ruined my life 'cause  
I thought you would change but I see it now

All the yellin' and kissin' and fightin'  
We never could see eye to eye  
'Cause you must seem like a man but you're not one in your mind  
Yeah, I'm back on my shit and it's temptin'  
To call you and see how you're doin'  
But I couldn't understand you if I tried

I don't speak boyshit  
You're always coming back but your love's poison  
So I think that I would rather just avoid it  
I can't understand you cause I don't speak boy, no  
I don't speak, I don't speak, I don't speak boyshit

Don't know how to talk or communicate  
We're so on and off to you it's a game  
If you don't level up I'm leavin' you in the dust, yeah  
So I'm movin' on until you start tryin' to act your age, yeah

I don't speak boyshit  
You're always coming back but your love's poison

So I think that I would rather just avoid it  
I can't understand you cause I don't speak boy, no  
I don't speak, I don't speak, I don't speak...

All the yellin' and kissin' and fightin'  
We never could see eye to eye  
'Cause you must seem like a man but you're not one in your mind  
Yeah, I'm back on my shit and it's temptin'  
To call you and see how you're doin'  
But I couldn't understand you if I tried

'Cause I don't speak boyshit (Shit, shit, shit)  
Boyshit (Shit, shit, shit)  
'Cause I don't speak boy, no  
Boyshit (Shit, shit, shit)

'Cause I don't speak boyshit  
Still tryna get through to you, it's pointless  
You might have a way with words but I'm a woman  
I can't understand you 'cause I don't speak boy, no  
I don't speak, I don't speak, I don't speak boyshit

I don't speak boyshit  
I don't speak boyshit  
'Cause I don't speak boy, no  
I don't speak, I don't speak, I don't speak boyshit
