

# Effortlessly

Madison Beer

Told you not to feel  
Told you not to hurt at all  
That just isn't real  
That's a little cynical  
Here's a little pill  
There's a little fix-it-all  
Okay  
It's all okay

But I'm still fading  
I can't save me  
Am I just gonna drown  
So I hold my breath to breathe  
Hurt me so I feel  
Used to do these things so effortlessly  
Somehow

Told you how to heal  
Filled you up with chemicals  
Sadness isn't real  
So why's it feel so physical  
Running through your veins  
Cutting right into the bone  
Okay  
It's all okay

But I'm still fading  
I can't save me  
Am I just gonna drown  
So I hold my breath to breathe  
Hurt me so I feel  
Used to do these things so effortlessly  
Somehow

Hold my breath to breathe  
I'm still fading  
I'm still fading  
I'm still fading

I'm still fading  
I can't save me  
Am I just gonna drown  
So I hold my breath to breathe  
Hurt me so I feel  
Used to do these things so effortlessly  
Somehow
