

# HeartLess

Madison Beer

Voicemail is full  
Glasses half empty  
I want you bad  
I want it that bad  
I get what I want  
But maybe I shouldn't  
'Cause that would be bad  
That would be so bad

One, two, three, four, five  
Too many times  
I've been down this road too many nights  
So next time

I should use my heart  
I should use my heart  
I should use my heart less  
Use my heart  
I should use my heart  
I should use my heart less, no

So I kiss you goodbye  
Maybe I shouldn't, not when it's good  
Not when it's this good  
And I never learn  
So maybe it's my fault  
I always love  
I love you too hard

One, two, three, four, five  
Too many times  
I've been down this road too many nights  
So next time

I should use my heart  
I should use my heart  
I should use my heart less  
Use my heart  
I should use my heart  
I should use my heart less, no  
(I should use my heart less)

I should use my heart  
I should use my heart  
I should use my heart less  
Use my heart  
I should use my heart  
I should use my heart less, no
