

## Interlude

Madison Beer

Baby, you've been actin' so crazy  
Like I ain't still your baby  
Well, you're a damn fool  
It's like your heart's in this constant eclipse  
You can't decide, I don't got time for this, oh woah  
And I tried to keep my cool  
And not go too crazy on you  
You're sad and curve my emotions  
I won't cry you another ocean  
My mind was yours to lose  
No lie, that's all I would do  
Would you do that shit for me too?

Baby, I just wanna be someone  
But I don't wanna just be someone to you  
Only you, I'm not for you  
Baby, I just wanna be someone  
But I don't wanna just be someone to you  
Only you, I'm not for you

For you, yeah
