

Grew up in the same house  
So I know why you lash out  
Oh, I understand you  
More than you think I do  
Cracks in the windows  
Castles and pillows  
And all of the places  
I built us to hide

I always left you out, you still loved me somehow  
You just wanted a friend  
Didn't know it then  
But now I do  
I used down the drain  
I take all of the blame  
For all of the countless  
Times that you cried

Just two kids caught in the crossfire  
Close your eyes, I know you're so tired  
Just kids, you and I, I know it's hard sometimes  
But you'll be alright, we'll be alright

All that's unspoken  
All the years that were stolen  
You are still in that house  
I shouldn't have left you behind  
And I thought of you since  
Sometimes all you need is  
A shoulder to cry  
And I'm lucky that you're mine

Just two kids caught in the crossfire  
Close your eyes, I know you're so tired  
Just kids, you and I, I know it's hard sometimes  
But you'll be alright, we'll be alright

Aah  
Aah  
We'll never change and the time fades  
Aah

Just two kids caught in the crossfire  
Just close your eyes, I know you're so tired  
Just kids, you and I, I know it's hard sometimes  
But you'll be alright, we'll be alright
