

Green

Madison Ryann Ward

'Til the end of time, I wanna call You mine
Thank You for loving me the way You do
Just a day or night without Your love, I couldn't make it
Ah, huh

What a beautiful thing
Found the love of my dreams
Nothing gon' come in between
No, woah, no, woah
They say, "The grass is green"
Yeah, I know what that means
But sometimes, green isn't what it seems (Isn't what it seems)
'Til you see what's underneath

You're the light to bring me out the darkness
Showing me love within a world that's heartless
Open up the curtains on my darkest shadows
Living like I know there's no tomorrow
Spending time that's precious when it's borrowed
Your love is something that I need

You feel like home to me (You, you, you, you)
My heart has no vacancy
I give you every key
From the basement to the balcony

What a beautiful thing
Found the love of my dreams
Nothing gon' come in between
No, woah, no, woah
They say, "The grass is green"
Yeah, I know what that means
But sometimes, green isn't what it seems (Isn't what it seems)
'Til you see what's underneath
