

Partial

Madison Ryann Ward

Look me in the eyes so I can see you
Show me what you hide that I can speak to

Don't run away
Tell me where you're goin', babe
Where you goin', babe, now?
Don't run away
Tell me where you're goin', babe
Where you goin', babe?

Who are you to come disguised?
When did I believe the lie?
Partial love was never good

I-I-I-I-I'm sick on the inside
Just wanna get right
Don't wanna love lie
Now I got a big fight
Fall down seven times
Stand up, 8, 9
Give me the truth right
Give me the truth right now
I need the truth right now

Please, don't
Don't run away
Tell me where you're goin', babe
Where you goin', babe, now? (Where you goin', babe?)
Don't run away
Tell me where you're goin', babe (Still don't)
Where you goin', babe?

Who are you to come disguised?
When did I believe the lie?
Partial love was never good (Never good, never good)
Soften up, you never could
Who are you to come disguised?
When did I believe the lie? (When did I believe a lie?)
Partial love was never good (Never good)
Soften up, you never could

When did I believe a lie?
When did I believe a lie?
