

Talking 2 Much

Madison Ryann Ward

Gimme space I need some time
I might just lose my mind
Been baited by these animals
Trading truth for lies
Talkin' all that
Can't believe this is where we at
Pay no mind the truth will show up in time
And I'll be focused with mine so let the bygones be by

People talking way too much
Never got the body to back it up
Too much trying out here
And it got me feeling funkier
I don't know about you
No telling how much damage they could do
Telling la la la la la la la la lies

If it's hate or if it's love, if it's not
Then it's still gonna be love too ya
Maybe to win is to lose ya
But it was nice while I knew ya
But really you should see the new me
Staying strong, steady improving
Came a long way and truly
I ain't goin' back

People talking way too much
Never got the body to back it up
Too much trying out here
And it got me feeling funkier
I don't know about you
No telling how much damage they could do
Telling la la la la la la la la lies
