If you take me I'll go
Even to the unknown
And I'll be right here
And I'll meet you there
You won't leave alone
Even in the unknown
And I'll be right here
And I'll meet you there

I been through the fire, I been through the storm
Seen a lot of love, I seen a lot of war
Took a lot of losses then I took some more
Even through it all I know you're fighting for me
Through all my lowest days, when I was losing faith
Through all the tears and pain, still know I wouldn't trade none of it
Wasn't it all making me something better
Than what I've been and I wanted
I'm loving it, let's run it [?]

When I'm low still I know that I'm not alone
I lean on you and I know you'll keep me strong
So I'm tryna rise up, had to dead 'em
Everyday I wake up I'm resurrecting

If you take me I'll go
Even to the unknown
And I'll be right here
And I'll meet you there
You won't leave alone
Even in the unknown
And I'll be right here
And I'll meet you there

Rendezvous
World on me in some funny shoes
Turning green from the wicked I was running through
Coulda took me out if he wanted to
I mean, I know, I...
He was hearing me cry
Oh he sat me down and helped me get my feet right
Now all my bad dreams get a goodbye

I know what you do
Keep me on assignment
Angels surrounding me on my right and left
Now grace is what you call that
I know you got all that I need
You can find me right here
Mmhmm
I know you got all that I need

If you take me I'll go
Even to the unknown
And I'll be right here
And I'll meet you there
You won't leave alone
Even in the unknown

And I'll be right here
And I'll meet you there

And I'll be right here
And I'll meet you there
