

Wanda

Madison Ryann Ward

(If you don't use it you lose it
That's very true
Now I'm saying if you can't use it
That's another thing
But you need to try)

Ooh

I've been sad a little too long
Bout time that I sing me a new song
Bout time that I throw on my good jeans
Take the picture out the frame, get the whole scene
Pull up with a praise out of my lungs
Maybe get a little older but I'm still young
Yeah I still got time if you know me
I'ma change my mind, got the whole thing

Wanna feel good with a big G
These foolish folk can't hold me
I love my fit, it's so me
That Zelda House my clothing (yeah)
Big ballin' like the pro team
My shot look clean like soapy
Your shot look broke and so weak
Like the old me (oh)

If I leave it up to time
And I see what I can find
If I'm reaching for the sky
There's still more that I can climb

I've been sad a little too long
Bout time that I sing me a new song
Bout time that I throw on my good jeans
Take the picture out the frame, get the whole scene
Pull up with a praise out of my lungs
Maybe get a little older but I'm still young
Yeah I still got time if you know me
I'ma change my mind, got the whole thing

I got one foot in front of the other
And I do it all for my sister and brother
I see that we really need love for each other
Really need love for each other

If I leave it up to time
And I see what I can find
If I'm reaching for the sky
There's still more that I can climb

(Ooh)
