

## Going to the Top

Madness

When you're going to the top and you have no time to stop  
Then you have to travel light and you'd better go by night  
Cause its not a pretty sight when you're going to the top  
And you're never going to stop and you won't let nobody block  
Your way to the top

And though bodies they may fall old friends up against the wal  
l

Can't let feelings in the way as if you had some anyway  
Some will have to move aside true intent you'll always hide  
Wagging tongues may call you snide you may not know who's on y  
our side

When you're going to the top

But you could let it go tonight  
Watch it all fade out of sight  
There's still some time to mend your ways  
Don't you know its love that pays

Still you've heard it all before and I don't want to be a bore  
So I'll just be on my way maybe we will meet one day  
Probably won't have much to say if I see you passing by  
Cause you're going much to high and you may well never stop  
Cause you're going to the top

Maybe we will meet one day  
Probably won't have much to say  
So I'll just say toodle ooh and the best of luck to you  
When I see you passing by when you're going much too high  
When you're going to the top

When you're going to the toooooooooop  
When you're going to the toooooooooop

But you could take my hand tonight  
We'd let it all fade out of sight  
There's still some time to mend your ways  
Don't you know its love that pays
