

## Good Times

## Madness

Life today is understated.  
I don't need no complicated.  
Try living on the bottom rung.  
You will find it's not so fun

Where did all the good times go? [x2]

I spend my days just wasting money.  
And now it's gone it seems so funny.  
Here today and gone tomorrow.  
Why be poor when you can borrow.

Where did all the good times go? [x3]

The good times go.

Where did all the good times go? [x3]  
I just do not know.

Where did all the good times go? [x7]  
I just do not know.
