

## My Girl 2

Madness

Oui oui, si, si, ja ja, da da,  
Oui oui, si si, ja ja, da da,  
Oui oui, si si, ja ja, da da  
Oui oui, si si, ja ja,  
Lately, I've been wondering about you  
And the things you do  
I'm in love but you drive me mad  
Be so sad to be losing you  
Last night, when we had that fight  
In your car, left me at the bar  
Then I see her talking to her friends  
Acting like she just don't care  
She has flare, and how she moves  
With such grace, likes she own the space  
She's so fine, she looks so cool  
Got no time nobody's fool  
My girl, she don't read books  
Oh my girl, she gives dirty looks  
I'm going to be, what she wants me to be  
I'm her man, doing all I can  
My girl, she's above the rest  
My girl, she sure the best

She's cool, there's no doubt  
She's so fine, she's al al ala lal al all of mine  
I'm so glad, she wants to be with me  
She got looks and personality  
I want her, all of the time  
To be mine, and all of her time to be free  
Standing right by me  
And to see, that it has to be  
Oui oui, si si, ja ja, da da  
Oui oui, si si, ja, ja

My girl, likes to drive at night  
My girl, is so out of sight  
My girl, heads above the rest  
My girl, she sure the best  
She's so cool and there's no doubt  
She's so fine, she's al al ala lal al all of mine  
I'm so glad, she wanna be with me  
She got looks and personality

Cause my girl  
My girl  
My girl  
She's my girl
