Ultra-magnetic  
Magenta  
If you read my mind  
You'll find  
No agenda  
Two star creatures  
United  
Crystals of wisdom  
In the flashes of light

Howling at the full moon like a pack of wolves do  
Drown me in your palo santo  
Let the colors of your halo illuminate the room  
And I'll be with the angels  
Watching over you  
Yeah, I'll be with the angels  
Watching over you

Woke up with you  
In Atlantis  
Mythological  
Enchanted  
21:4  
Revelations  
Wrapped up in our own star  
Constellation

Howling at the full moon like a pack of wolves do  
Drown me in your palo santo  
Let the colors of your halo illuminate the room  
And I'll be with the angels  
Watching over you  
Yeah, I'll be with the angels  
Watching over you

Howling at the full moon like a pack of wolves do  
Drown me in your palo santo  
Let the colors of your halo illuminate the room  
And I'll be with the angels  
Watching over you  
Yeah, I'll be with the angels  
Watching over you
