

# Lightning

Mads Langer

Shock wave hit me like a rival  
Just changed everything that I know  
Put your heaven on  
Put your heaven on me  
Man down, staring at the ceiling  
Hands out, ready to receive it  
Put your heaven on  
Put your heaven on me

Fire  
Thunder in the sky, then  
Everything goes quiet  
Electricity

I saw you, you saw me  
I said, "Baby, do you see what I see?  
Did you see the lightning?"  
I saw you, you saw me  
I said, "Baby, do you feel what I feel?  
Did you see the lightning?"  
The lightning

Oh-oh, oh-oh, oh-oh  
Did you see the lightning?  
Did you see the lightning?

I've tried loving in the slow lane  
I've lied running with the mind games  
But I've never known  
But I've never known peace  
Sideways, checking out my vitals  
Not play back into survival  
Like a wrecking ball  
Put your heaven on me

Fire  
Thunder in the sky, then  
Everything goes quiet  
Electricity

I saw you, you saw me  
I said, "Baby, do you see what I see?  
Did you see the lightning?"  
I saw you, you saw me  
I said, "Baby, do you feel what I feel?  
Did you see the lightning?"  
The lightning

Oh-oh, oh-oh, oh-oh  
Did you see the lightning?  
Did you see the lightning?  
The lightning  
Oh-oh, oh-oh, oh-oh  
Did you see the lightning?  
Did you see the lightning?  
The lightning

Do you see what I see?  
Do you see the lightning?  
The lightning, whoa  
Do you feel what I feel?  
Do you see the lightning?  
The lightning, whoa, yeah

I saw you, you saw me  
I said, "Baby, do you see what I see?  
Did you see the lightning?"  
I saw you, you saw me  
I said, "Baby, do you feel what I feel?  
Did you see the lightning?"  
The lightning

I saw you, you saw me  
I said, "Baby, do you see what I see?  
Did you see the lightning?"  
I saw you, you saw me  
I said, "Baby, do you feel what I feel?  
Did you see the lightning?"  
The lightning

Oh-oh, oh-oh, oh-oh  
Did you see the lightning?  
Did you see the lightning?

Do you see what I see?  
Do you see the lightning?  
The lightning, oh
