

# Something New

Mads Langer

Say goodbye, say hello  
To something new  
Take a snapshot of your life  
It's time to go, yeah...

Sail away with me  
Let the sun begin to shine on your face  
We have everything to win  
Day by day, we cross the oceans blue  
There's no limit to what you and I can do

Every face that we meet  
Is a memory  
Take a picture of my eyes  
I'll hold you tenderly, yeah...

Sail away with me  
Let the sun begin to shine on your face  
We have everything to win  
Day by day, we cross the oceans blue  
There's no limit to what you and I can do

Say goodbye, say hello  
To something new  
Take a snapshot of your past  
It's time to go, yeah...

Sail away with me  
Let the sun begin to shine on your face  
We have everything to win  
Day by day, we cross the oceans blue  
There's no limit to what you and I can do
