

Wait for Me

Mads Langer

Wait for me time
I can't keep up
I'm far behind
Love never last
Always hers
In the earth

All the bridges are burning
I don't know where to go
Wasting time in my house
And all I ever wanted do is all I never dared to say

Wait for me time
I can't keep up
I'm far behind
Love never last
Always hers
In the earth

Rising up from the ashes
Beauty made you go blind
Wasting time without you
And all I ever wanted do is all I never dared to say

Wait for me time
I can't keep up
I'm far behind
Love never last
Always hers
In the earth

And all I ever wanted do is all I never dared to say

Love wait for me
I can't give up
I'm far behind
Time never last
Running out
In the end
In the end
