

## After Hours

Mae Muller

Crazy, yeah over you  
And maybe, we could do  
Just us two  
And I can come around  
And show you my side of the moon  
And you can show me off like I'm your new car  
Spanking new

No, darlin' I  
Oh, darlin' I  
Break it down, now  
Slow it down, now  
Buy around, now  
Make me shout, you  
Oh, baby you

You make me feel like velvet on the cold air  
Winter's day  
You make me feel like sunshine  
When I'm locked out in the rain

Oh, darlin' I  
Oh, darlin' I  
I'm keeping you to myself  
Don't want you with no one else  
'Cause I would  
Let all hours  
And don't tell nobody else  
How we've been messing 'round  
After hours  
After hours

I don't wanna be alone  
When me and you are in the zone  
And I never want you to go  
'Cause I'm so  
Infatuated with you, baby  
Got to let it out  
So put your loving arm  
Yeah like I'm water in a drought  
I need you, I

Break it down, now  
Slow it down, now  
Make it loud, oh  
Make me shout, you  
Oh baby, you

You make me feel like velvet on the cold air  
Winter's day  
You make me feel like sunshine  
When I'm locked out in the rain

Oh, darlin' I  
Oh, darlin' I  
I'm keeping you to myself  
Don't want you with no one else

'Cause I would  
Let all hours  
And don't tell nobody else  
How we've been messing 'round  
After hours  
After hours

You make me feel like velvet on the cold air  
Winter's day  
You make me feel like sunshine  
When I'm locked out in the rain

Oh, darlin' I  
Oh, darlin' I
