

## B.B.A

Mae Muller

Ah, ah  
But baby boy I've never been wrong  
Ah, ah, ah, oh

You think you with it  
But you haven't even scratched the surface  
Hit it, then quit it  
Then go bragging to your boys  
Like ''I did it, and I'm the shit''  
And they say you are the baddest now  
Do you feel established somehow?  
Validate your life with clout  
But what about her?  
What does she deserve?

And I can be the one for you  
But I also have the next man too  
I know you think you got the control  
And you think that I'm so damn rude  
But I'm just the female you  
So save your ego  
He's eager to call me a hoe

You got your eyes on me  
(Oh, oh)  
But baby boy I've never been lonely  
(Oh, oh)  
Tryna gas me up, but you ain't no G  
(Oh, oh)  
Acting like it's my first time, please  
(Oh, oh)  
I ain't no fool

You keep on looking at your phone  
But he ain't gonna text it, or message  
He's already onto the next  
So save yourself the headache  
'Cause girl you are the baddest now  
With no clown to fool you around  
So dust it off and come downtown  
Believe, there ain't no boys allowed

And I can be the one for you  
But I also have the next man too  
I know you think you got the control  
And you think that I'm so damn rude  
But I'm just the female you  
So save your ego  
He's eager to call me a hoe

You got your eyes on me  
(Oh, oh)  
But baby boy I've never been lonely  
(Oh, oh)  
Tryna gas me up, but you ain't no G  
(Oh, oh)  
Acting like it's my first time, please

(Oh, oh)  
I ain't no fool

Oh, oh  
Oh, oh  
Oh, oh (No fool)  
Oh (No fool)  
No (No fool)
