

Flaws

Mae Muller

Flossin', flashin' the cash, you keep talkin'
But it's borin', you must have forgotten I'm ballin' too
I ain't fallin' for glitter and gold, I need more than
What you're puttin' forward, none of that shit is important, boo

Chasing, 'round me, my cheque
I just paid off your rent and I ain't even done yet
Chasing, cut me my cheque
I like diamonds the best, so much gold 'round my neck

Now, floss, all you do is floss
Too busy tryna flex, you forget that I'm the boss, boss
Flaws, I don't see no flaws
Makin' you my ex as I re-apply my gloss
Oh, Gucci bag of money
Yeah, Balenciaga, got it
Go and double my deposits
Take out money just to flaunt it
'Cause I'm a boss, all I do is floss
I don't see no flaws, flaws, flaws

Business, you know that I handle my business
If you'd just let me finish, then maybe we wouldn't be finished
'Cause it's a privilege that you on my hit-list
That you even hit this, honey, I got it wrong

Chasing, 'round me, my cheque
I just paid off your rent and I ain't even done yet
Chasing, cut me my cheque
I like diamonds the best, so much gold 'round my neck

Now, floss, all you do is floss
Too busy tryna flex, you forget that I'm the boss, boss
Flaws, I don't see no flaws
Makin' you my ex as I re-apply my gloss
Oh, Gucci bag of money
Yeah, Balenciaga, got it
Go and double my deposits
Take out money just to flaunt it
'Cause I'm a boss, all I do is floss
I don't see no flaws, flaws, flaws

So hard to get, easy to lose
Get out of my bed, you're wasting my youth
Lovely 'til death, this one's on you
Get out of my bed, get out of my room

Floss, all you do is floss
Too busy tryna flex, you forget that I'm the boss, boss
Flaws, I don't see no flaws
Makin' you my ex as I re-apply my gloss
Oh, Gucci bag of money
Yeah, Balenciaga, got it
Go and double my deposits
Take out money just to flaunt it
'Cause I'm a boss, all I do is floss
I don't see no flaws, flaws, flaws
