

## nails so long

Mae Muller

I should feel bad but I don't care  
I should feel sad but I don't, yeah  
Sipping a flute, I am glowing  
Guilt and regret, I don't know them

I should feel bad but I don't  
Yeah, I should feel sad but I don't care  
All this time on my own  
I realize I'm that bitch, yeah, I'm so rare  
I don't need nobody, nobody deserve me  
Me and my hands can handle all them things you never did

You were just holding me back, boy, you got way too attached  
My nails so long, they cut you off, it might be wrong but it's like that

I should feel bad but I don't care (Don't care)  
I should feel sad but I don't, yeah  
Sipping a flute, I am glowing (Glowing)  
Guilt and regret, I don't know them

Not gonna lie for a bit (A bit)  
I really liked you, I did (Did)  
But all the moaning, groaning, complaining got right to my head

You were just holding me back, boy, you got way too attached  
My nails so long, they cut you off, it might be wrong but it's like that

I should feel bad but I don't care (Don't care)  
I should feel sad but I don't, yeah  
Sipping a flute, I am glowing (Glowing)  
Guilt and regret, I don't know them  
I should feel bad but I don't care (Don't care)  
I should feel sad but I don't, yeah  
Sipping a flute, I am glowing (Glowing)  
Guilt and regret, I don't know them

Oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh

I should feel bad (Feel bad) but I don't care (Don't care)  
I should feel sad (Sad) but I don't, yeah  
Sipping a flute, I am glowing (I am glowing, I am glowing)  
Guilt and regret, I don't know them (I don't know them, I don't know them)  
I should feel bad (Feel bad) but I don't care (Don't care)  
I should feel sad (Sad) but I don't, yeah (I don't know, I don't know)  
Sipping a flute, I am glowing (I am glowing, I am glowing)  
Guilt and regret, I don't know them

Bad, bad, don't  
Sad, sad
