Yeah yeah yeah yeah  
TSB

Flowers in the moonlight  
I don't see any other girl there in your sights, oh  
And boy I think about you sometimes  
How you're so so good to me  
I don't know why

Cause I treat you bad  
I don't text you back  
I say I'm busy when you hit me up  
I apologise for my state of mind  
Start running away when it gets too much

I'ma leave you on read  
I'm gonna make you sweat  
Don't wait, you don't get  
Don't get upset It's not all over yet  
But imma leave you on read  
I'm gonna make you sweat tonight  
You say girl what's next

My last man gone and left me fed up  
Controlling, confusing, he messed my head up  
Not your fault I'll try and do better  
Try and make a little more effort  
You should know its hard to breathe  
You should know its hard for me  
Trust issues  
Even though I try hard I still miss you

But I, I treat you bad  
I don't text you back  
I say I'm busy when you hit me up  
I apologise for my state of mind  
Start running away when it gets too much

Imma leave you on read  
I'm gonna make you sweat  
Don't wait, you don't get  
Don't get upset It's not all over yet  
But imma leave you on read  
I'm gonna make you sweat tonight  
You say girl what's next

No, you're not getting no reply  
Got you working over time  
So you'd better put in work  
Put in work, work, work  
No, you're not getting no reply  
Got you working over time  
So you'd better put in work  
Put in work, work, work

Imma leave you on read  
I'm gonna make you sweat  
Don't wait, you don't get  
Don't get upset  
It's not all over yet  
But imma leave you on read  
I'm gonna make you sweat tonight  
You say girl what's next
