

All We Got

Maejor Ali

Ok so right now I need everyone
To put your phone down and turn your vibe up
Let's go alive
Let's go live
Let's go

This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
This moment is all we got now
All we got now
All we got now
All we got now
All we got now
All we got now
All we got now

It's a vibe, it's a vibe
I feel alive
It's a vibe, it's a vibe
I feel alive
It's a vibe, it's a vibe
(I can't lie)
I feel alive feel alive
(I'm way too high)
It's a vibe, it's a vibe
I feel alive

So right now I need everyone to put your phone down and turn your vibe up
Let's go alive
Let's go live
