

# Intuition

Maejor Ali

I always know  
Sometimes I just let it go  
I'm watching you, watching you, yeah

Words from the soul  
Speak outside of my control  
They tell me things  
That are true (true)

I know there's something going on  
My intuition is never wrong  
(Intuition)  
I know there's something going on (Intuition)  
My intuition is never wrong

I'm listening  
To songs that your lips don't sing  
They tell me things  
About you, yeah

Envisioning  
Visions that your eyes can't see  
They show me things  
That are true, that are true

I know there's something going on (Intuition, intuition)  
My intuition is never wrong (Intuition, intuition)  
I know there's something going on (Intuition, intuition)  
My intuition is never wrong (Intuition, intuition)  
(Intuition, intuition)  
(Intuition, intuition)
