

# I Don't Want to Cry Anymore

Magdalena Bay

After the party's done  
I find you there on the stairs  
You don't tell me I'm the one  
I change my face and take my place

No  
I don't wanna cry anymore  
For you  
No, no  
I don't wanna cry anymore  
For you  
No, no  
I don't wanna cry anymore  
For you  
No, no  
I don't wanna cry anymore  
For you

After the party's done  
I think I'll just turn flesh to dust  
Turn off your cameras  
Change your face and take your place
