

This is how the party looks at sunrise  
This is how it feels when summer's eulogized  
When I need the rain, there's sun  
When I wanna cry, I don't  
It's time to have some fun  
In my dreams I'm heavy when I try to run  
Lightning flash, I can't see what I'm running from  
Cuando quiero lluvia hay sol  
Cuando sueño estoy sin voz  
It's time to have some fun

I don't want the sky to fall  
But if it does  
If the stars burn out then  
I'll catch you through it all  
I don't want our time to stop  
But if it does  
If the clock runs out then  
I've seen it all

This is how we understand that time flows  
This is how we make amends with what we know  
Cuando quiero lluvia hay sol  
Cuando sueño estoy sin voz  
It's time to have some fun

I don't want the sky to fall  
But if it does  
If the stars burn out then  
I'll catch you through it all  
I don't want our time to stop  
But if it does  
If the clock runs out then  
I've seen it all  
If the clock runs out then  
I guess I've seen it all  
If the clock runs out then  
I guess I've seen it all
