

# I Am Who I Am

Magdalena Tul

I'm driving this car  
You're passenger  
Stop telling me when  
I should go back

Look at yourself don't get me wrong  
Who gave you right to judge me so  
implicitly

Biznes is mine while I'm on board  
I decide on the next effort  
Bout' everything

Ref.  
Let me go my way  
Come on let me be  
Come on let me be

Let me live my life  
Come on let me be  
Come on let me be

I'm just who I am  
Don't look at me  
Like I'm someone else  
Please don't compare  
I'm independent totaly

I am the writher of this song  
You can be one to go along  
In my symthony

It doesnt matter what you do  
Earth doesn't stop becouse of you  
So let me be me, me

Ref.  
Let me go my way  
Come on let me be  
Come on let me be

Let me live my life  
Come on let me be  
Come on let me be

I don't need permission's word  
For every step I'll take  
Don't limit , criticize  
I am just who I am

I am, I am, I am, I am

Let me go my way  
Don't need permission (word)

Every step I'll take

Let me live my life  
Don't limit, criticize  
I'm who I am

Let me go my way  
Don't need permission (word)  
Every step I'll take

Let me live my life  
Don't limit, criticize  
I'm who I am
