

die for

Maggie Lindemann

Hold onto me now
'Til we're 6 feet in the ground

Hold my breath so that you can breathe
I'll give you the air inside me
I'll bite my tongue until it bleeds
Contending thoughts that haunt me

So reach out for my hand and follow me
To a place where it'll be you and me

Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Hold onto me now

If you leave would you find your way back?
Without you all the lights fade to black
Fucked up scenes that fill my brain
Guess that's why they say love is pain

Love is pain

Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Hold onto me now

You are my lifeline
Cast out to me
You are the future
The vision I see
When times get tough
You stay the love
I need
Shine onto me
Shine onto me

Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Find who you'd die for
That's who you live for
Hold onto me now
'Til we're 6 feet in the ground
Hold onto me now

Hold onto me now
Hold onto me now
