

## we never even dated

Maggie Lindemann

Holding onto moments that are no longer mine  
Swear I'm not crying, there's just something in my eye  
Loving you is hard, but I know loving me's harder  
Wish we had a little longer

Said your girlfriend hates me 'cause she knows how you felt  
Does she know I'm jealous or could you never tell  
That I looked at you with hearts in my eyes?  
Would you be surprised?

So I'll delete your number, pretend you don't exist  
Tell myself it's nothing but we both know it is  
If you ever called me to tell me you want me then I'd tell you  
too

Hm, I'll be waiting for you

I still keep your sweater at the back of my drawer  
I put it on when my heart needs moral support  
Missing you is hard but I hope missing me's harder  
Does the distance make us fonder?

Tell your girlfriend that I hate her too  
'Cause you never looked at me the way that you looked at her  
Like you're sure with hearts in your eyes  
Why am I so surprised?

So I'll delete your number, pretend you don't exist  
Tell myself it's nothing but we both know it is  
If you ever called me to tell me you want me then I'd tell you  
too

Hm, I'll be waiting for you, I'll be waiting for you  
I'll be waiting for you, I'll be waiting for you

I'm still waiting for you
