

Lucy

Maggie Reilly

Lucy don't be sad
It hurts to see you cry, hurts to see you blue
Wipe your tear filled eyes
Let me see you smile, like you used to do

Oh Lucy, believe me when I say
Oh Lucy, I'll never turn away

Lucy don't be scared
When everything goes wrong, no matter what you do
Don't be afraid to dream
The future's now, and it's waiting just for you

Oh Lucy, I'll never let you down
My Lucy, you know I'll be around

Lucy don't be sad
It hurts to see you cry, hurts to see you blue
Just wipe your tear filled eyes
I want to see you smile, the way you used to do

Oh Lucy, I'll never let you down
My Lucy, you know I'll be around

Oh my Lucy, believe me when I say
My Lucy, I will never turn away

You know that I love you
