

# Burning

Maggie Rogers

Oh I've been sleeping  
Barely dreaming  
For one year and one half

Found another  
Called him my lover  
Helped me get my old self back

It was you  
It was you  
Only you  
You remind me, oh, you bring me back

And you said  
Let me help you wake you up  
Let me help you break you up  
Let me help you open up  
I'm in love, I'm alive  
Oh, I'm burning

I was reckless  
Once was breathless  
Running from that day I snapped

But I've got a feeling  
And keep believing  
I'm never gonna give this back

It was you  
It was you  
Only you  
Oh, I'm never gonna give this back

And you said  
Let me help you wake you up  
Let me help you break you up  
Let me help you open up  
I'm in love, I'm alive  
Oh, I'm burning

And if you're giving up  
Would you tell me?  
I'm gonna keep this love if you let me

And if you're giving up  
Would you tell me?  
I'm gonna keep this love

And you said  
Let me help you wake you up  
Let me help you break you up  
Let me help you open up  
I'm in love, I'm alive  
Oh, I'm burning

Let me help you wake you up  
Let me help you break you up

Let me help you open up  
I'm in love, I'm alive  
Oh, I'm burning
