

Overdrive

Maggie Rogers

My love would you walk
For hours just to talk
Cause you did it better
When you were on my side
Covered in leather
Now you're in overdrive

Oh young were we
But I'm sick of saying
You made me weak at the knees
Cause I was a runner
And I could go for miles
Gave me a reason
Now I'm in overdrive

I don't wanna do this again
If you're gon' break my heart
I'm tearing at the seams
Can't believe
That its gotta be this hard
You told me that I was all you could see
But you kept me in
The dark

And put me in overdrive
