I'm Only Human (I Wanna Get Out)

Maggie Rose

Days gone by
I feel like I'm locked up in a cage
Ever since you've been gone
The city hasn't been the same
Candles that burn so bright have all been blown out
There's a fire in me but the streets are empty tonight, tonight

I remember December but it feels far gone
Seems like forever we were together telling 19 so long
Now I'm alone here, can't take it, can't take it anymore
I would do anything
I would do anything

I never needed you like I do right now
I'm only human, baby
I'm only human
I never needed you like I do right now
I'm only human, I
I wanna get out, I wanna get out

Paranoia
Is gettin' so loud
Got me looking over my shoulder
But there's no one around
It's the fear that has replaced
All the angles of your face
Know I miss you desperately
Are you gonna stay away

I remember December but it feels far gone
Seems like forever we were together telling 19 so long
Now I'm alone here, can't take it, can't take it anymore
I would do anything
I would do anything

I never needed you like I do right now
I'm only human, baby
I'm only human
I never needed you like I do right now
I'm only human, I
I wanna get out, I wanna get out

Life as I know it
Is empty and I'm lonely
And I'm thirsty in a desert
That once was overflowing
The music's gone silent
It feels like I'm dyin'
Your touch and your feel
Was all that was real

I never needed you like I do right now
I'm only human, baby
I'm only human
I never needed you like I do right now
I'm only human, baby
I'm only human

Go through the motions cause I'm tired of hoping
Look around me and all the doors closing
I never needed you like I do right now
I'm only human, I'm only human
I wanna get out, I wanna get out
I wanna get out, I wanna get out
