

Magic Man

Maggie Rose

Baby you bring out the soul in me
When I'm with you I can hardly breathe
Where do I begin, done with all my friends
Been thinkin' bout it
Drinkin' bout it
Can't comprehend
How you, you bring out the soul in me

I was lookin' for love in all the wrong places
Lookin' way too hard for someone I could put my faith
But wait a minute, 'cause if it's meant to be
I'll be as good for you as you are to me
And if you're stressin' out I'll hold you down
I see a door, I'll hold it out
I'm your better, you're my better
We can't do without
(We can't do without)

I wanna know what lovin' you forever feels like
'Cause I would spend my whole life
To figure you out, I'll be rabbit in your hat
Be my magic man

Baby you bring out the soul in me
When I'm with you I can hardly breathe
Hand on my chest, I'm like
Where do I begin, I'm done with all my friends
Been thinkin' bout it
Drinkin' bout it
Can't comprehend
How you, you bring out the soul in me

No, this ain't no game, not throwin' this away
Not in and out, don't go around
No that just ain't my thing
I was always hard to play for keeps baby
Show him I love crazy
And if he stays he's
Never gonna leave me
Baby believe me
I think I've found the one and you, you, you
You found it in me too

Now I gotta know what lovin' you forever feels like
'Cause I would give my whole life
To figure you out, I'll be the rabbit in your hat
Be my magic man

'Cause baby you bring out the soul in me
When I'm with you I can hardly breathe
Hand on my chest, I'm like
Where do I begin, I'm done with all my friends
Been thinkin' bout it
Drinkin' bout it
Can't comprehend
How you, you bring out the soul in me

Baby you bring out the soul in me
When I'm with you I can hardly breathe
Baby how do you bring out the soul in me?
How do you bring out the soul in me?
Baby you bring out the soul in me
How do you bring out the soul in me?
