

Daddy

Magic Dirt

You better leave me hanging
You better know your next move
Woke up and found the tattoo you promised you'd do
Running bare with delicate eyesight
Special suicide then you said
Then you said
You never saved a wafer
Just for the little teeny breaker
No, no, no, no, no, no, no, no, no, no
I should have just stayed where I was safer
Special suicide then you said
Then you said
No I'm not a rescuer
No I'm not
You know I'm not
