

# Fear My Fury

Magic Kingdom

Fear my fury

Revenge is calling  
Battles for honor  
A struggle for life  
A fight to survive

No one can see your little game  
You can't fool me with your lies  
One day you'll pay the price

Fear my fury  
Fear my anger  
Bloody liar  
You'll never change my destiny  
Fear my fury  
Fear my anger  
Under fire  
Now you will die in agony  
Fear my fury

Chants of glory  
Follow the holy  
The legend is born  
The truth will be told  
You're banned from heavens

Child of doom  
The serpent kissed you in the cradle  
Cursed from womb till tomb

Fear my fury  
Fear my anger  
Bloody liar  
You'll never change my destiny  
Fear my fury  
Fear my anger  
Under fire  
Now you will die in agony  
Fear my fury

(solo)

The time has come you never showed  
Your sitting on a throne of sand  
And all your world is gone

Fear my fury  
Fear my anger  
Bloody liar  
You'll never change my destiny  
Fear my fury  
Fear my anger  
Under fire  
Now you will die in agony  
Fear my fury  
Fury !
