

## Metalmighty

Magic Kingdom

Down into the netherworld  
The beast will rise to conquer all  
Wath the skies to see the signs  
Soon he will tear all nations down

Into the fire  
His soul was forged  
To hell all liars  
His vengeance comes

MetAlmighty  
Doom is marching  
Holy prayers won't keep you alive  
MetAlmighty  
Death is marching  
The almighty power of the dark

Who's to blame ? Now it's too late  
The monster was forever freed  
Venom in the seas and poisoned clouds  
are slowly killing all

The prophets warned us  
The end is near  
This titan of steel will spare no one

MetAlmighty  
Doom is marching  
Holy prayers won't keep you alive  
MetAlmighty  
Death is marching  
The almighty power of the dark
