

Darling

Magic Man

i'm feeling like a basement lover
cross eyed, or buried under covers, well
it's just another shape
right angles on this hardwood frame
you see

i'm feeling like we know each other
flashback but it's in real life colors
it's like the one i saw
it's like the one I saw

i'm feeling like a basement lover
cross eyed, or buried under covers, well
it's just another shape
right angles on this hardwood frame
you see

i'm feeling like we know each other
flashback but it's in real life colors
it's like the one I saw
it's like the one I saw
one I saw

take me back where i stood
take me back where i stood
take me back now

i'm feeling like a basement lover
cross eyed, or buried under covers, well
it's just another shape
right angles on this hardwood frame
you see

i'm feeling like we know each other
flashback but it's in real life colors
it's like the one I saw
it's like the one I saw
one I saw

take me back where i stood
take me back where i stood
take me back now x4

oh god
you're the only one
oh please
little darling
don't you fear
let me in
oh won't you
take me back
