

Good Feeling About You

Magic!

Old scars feel like they are healing
When I am in your atmosphere
All my senses, I can feel them
Suddenly everything is so clear

Where there was shadow, now there's light
All that was wrong, it started to right
You are so beautiful inside and I

I got a good feeling about you
(A good feeling, a good feeling)
That I will be miserable without you
(A good feeling, a good feeling)
I want to build my world around you
(And I mean it, and I mean it)
I got a good feeling about you
(A good feeling)
I said a really really really good

My conscientiousness, it is streaming
In places that I've never seen
I live the life full of treason
Compare to what you're showing me

Where there was shadow now there's light
Where it all feel wrong it all feels right
You are beautiful inside and I

I got a good feeling about you
(A good feeling, a good feeling)
That I will be miserable without you
(A good feeling, a good feeling)
I want to build my world around you
(And I mean it, and I mean it)
I got a good feeling about you
(A good feeling)
I said a really really really good

Where there was shadow now there's light
Where it all feel wrong it all feels right
You are so beautiful inside and I

I got a good feeling about you
(A good feeling, a good feeling)
That I will be miserable without you
(A good feeling, a good feeling)
I want to build my world around you
(And I mean it, and I mean it)
I got a good feeling about you
(A good feeling)
I said a really really really good

I got a good feeling about you
(A good feeling, a good feeling)
That I will be miserable without you
(A good feeling, a good feeling)
I want to build my world around you

(And I mean it, and I mean it)
I got a good feeling about you
(A good feeling)
I said a really really really good
