

I'm Rich

Magic!

This homeless wiseman
He once said to me
All the money in the world it could buy me not a moment of peace
And that car you're driving
It goes one thousand speeds
It's gonna take you all the places that you never even wanted to be
And I said

Don't it make you sad sometimes
That you never got that castle in the sky
And does it make you cry at night
Knowing that you could've lived that life

He laughed and said
I'm rich
I'm rich within
Don't need money to define me
Got love inside me
I'm rich
So rich within
Don't need nothing to define me
Got love inside me

I'm filthy
I'm filthy rich
I'm filthy
Fitly rich
I'm filthy

Can't you see?

High-school reunion
I ran into my friend Irene
She said I heard you got house up on the hills of Beverly
You must be working 9-to-5 hours every week
How do you ever get the time to see your and your family?

And I said
Don't it make you sad sometimes
That you never got that castle in the sky?
And does it make you cry at night
Knowing that you could've lived that life?

She smiled and said

I'm rich
I'm rich within
Don't need money to define me
Got love inside me
I'm rich
So rich within
Don't need nothing to define me
Got love inside me

I'm filthy
I'm filthy rich
I'm filthy

Fitly rich
I'm filthy
Fitly rich

On the inside

This homeless wiseman
He once said to me
All the money in the world it could buy me not a moment of peace

He laughed and said
I'm rich
I'm rich within
Don't need money to define me
Got love inside me
I'm rich
So rich within
Don't need nothing to define me
Got love inside me

I'm rich
On the inside
On the inside
On the inside
Filthy rich

I'm rich
On the inside
On the inside
On the inside
