

## Sunflower Fields

Magic!

Sunflower fields in my mind  
Take me away, I need to be  
Far from the madness inside  
Where everything grows soft and sweet  
Sunflower fields in my mind  
Say what you want it won't phase me  
I built a fortress inside  
Loveliest place I've ever seen

Whenever I feel worry, I just dream  
Meet me in my sunflower fields

Sunflower fields in my mind  
Far from the noise and the concrete streets  
I found a place with no time  
Where I can move at my own beat  
Sunflower fields in my mind  
There is no he or she or we  
Only the goodness we hide  
I found a place where love is free

Where no one here can judge me, not even me  
Meet me in my sunflower fields

Oh-oh-oh  
Fields  
Oh-oh-oh

Nothing can hurt me here  
Nothing can hurt me here  
Nothing can hurt me here  
No, oh, oh  
Nothing can hurt me here  
Nothing can hurt me here  
Nothing can hurt me here  
No, oh, oh

In my sunflower, sunflower, sunflower fields (Woah)  
In my sunflower, sunflower, sunflower fields (Woah)  
In my sunflower, sunflower, sunflower fields (Woah)  
In my sunflower, sunflower, sunflower fields  
In my sun, in my sun
