Yeah-yeah, yeah

Baby girl, what's the vibe?  
Thinking 'bout you all the night  
Picture of your skin tone pon mi mind  
It's either you're single or you're mine  
I no dey check, I no dey mind  
Even if your love go cost a dime (a dime)  
Me, I just wan dey bend you, different style  
Make you sing melodies, oh bae

And you know, you make my teeth shine all the 32  
Eight billion in the world but, all I want is you  
And nobody do like the way you do (like you do)  
And e be you, dey make my eye turn like I drink agbo  
You haffi gimme kiss just right before you go  
And nobody do like the way you do

'Cause we ain't gonna live forever  
That's why me wanna draw you closer  
Make bad decisions and foreplay  
Netflix and shots in my place  
'Cause we ain't gonna live forever, bae  
That's why me wanna draw you closer  
Make bad decisions and foreplay  
Netflix and shots in my place, baby yeah

Me wanna slip and slide in  
Me wanna give it to you deep and dive in  
You go love when I roll you like tyre oh  
For the room, you go sing pass choir oh  
Iyo, Omotena ma-ma pa (mi oh)  
Too sweet like a sugar candy oh  
And we can go all night, non-stop oh-oh-oh  
Oh-oh, whoa-whoa, yeah

And you know, you make my teeth shine all the 32  
Eight billion in the world but, all I want is you  
And nobody do like the way you do (like you do)  
And e be you, dey make my eye turn like I drink agbo  
You haffi gimme kiss just right before you go  
And nobody do like the way you do

'Cause we ain't gonna live forever  
That's why me wanna draw you closer  
Make bad decisions and foreplay  
Netflix and shots in my place  
'Cause we ain't gonna live forever, bae  
That's why me wanna draw you closer  
Make bad decisions and foreplay
