

A Little At A Time

Magnolia Electric Co.

I start looking back for the things I used to live by
If only I could remember them
Even one of them
You can't lose it all at once, can you really
Cause brother I've been trying
These days even stars fall only a little at a Time
Maybe if I send back the blues her broken heart
She will send back mine
Maybe if I send back the blues her broken heart
She will send back mine
A little at a time (3x)
