

## Shenandoah

Magnolia Electric Co.

Shanandoah, how long will I miss you  
Tonight you're farther away  
than the Kentucky moon  
And I know you hold a secret of mine  
or two  
Tonight, little darlin, my heart's  
with you  
All that's between us  
felt the cannon ball blues  
Maybe I really did see the  
light  
Halfway to heaven's fine  
But I could not be sure  
Halfway is all there ever was  
But I know you hold a secret of yours  
or two  
Tonight, little darlin, my heart's  
with you  
There's just so much  
a man can miss  
And just no end to what he can regret  
And I'm holdin on to whatever  
hope shows through  
And tonight, little darlin,  
my heart's with you  
Tonight, little darlin, my heart's  
with you
