

## Spanish Moon Fall And Rise

Magnolia Electric Co.

Even like your loss  
Sadder than every sorrow  
Even like the night  
At the edge of the world  
There's still farther to fall  
Even like the twilight  
Hymns to sister  
Even like the shadows  
We all miss her  
I leave the road with the ghost of the road  
Spanish moon fall and rise (2x)  
I leave you now with my ghost in this room  
Two wanderers eyes, two eyes  
Old Spanish moon fall and rise (3x)
