

Hellstar

Magnolia Park

I'm a hell raiser
Star chaser
You better
Wake up there's a party in hell
There's a party in hell tonight
Tonight

I made a deal with the angel of death
To take my soul but took his instead

I felt the power inside my veins
Let it build, let it build, let it build
Unleash the rage!

Oh, whatcha gonna do with it
I killed the devil for the hell of it
Oh, whatcha gonna do with it
Off with his head!

I'm a hell raiser
Star chaser
You better
Wake up there's a party in hell
There's a party in hell tonight

I'm a hell raiser
Blood craver
You better
Wake up there's a party in hell
There's a party in hell tonight
Tonight

Oh
I'm a hell star
Oh
I'm a hell star

A page of madness
A loathing dread
Let's tear it up
Until we dead

I drink the blood
Of innocence
I'll rip your beating heart
Right from your chest

Oh, whatcha gonna do with it
I killed the devil for the hell of it
Oh, whatcha gonna do with it
Off with his head!

I'm a hell raiser
Star chaser
You better
Wake up there's a party in hell
There's a party in hell tonight

I'm a hell raiser
Blood craver
You better
Wake up there's a party in hell
There's a party in hell tonight

I came
I saw
I conquered them all
I came
I saw
I conquered them all
I came
I saw
I conquered them all
It's not a party until someone dies

It's not a party until someone dies
Hellraiser

I'm a hell raiser
Star chaser
You better
Wake up there's a party in hell
There's a party in hell tonight

I'm a hell raiser
Blood craver
You better
Wake up there's a party in hell
There's a party in hell tonight
