

# I'll Give You The Stars

Magnolia Park

I'll give you the stars  
Cause you deserve it  
Whatever you need  
When you need it  
Wherever you are  
Never forget  
I'll give you my best  
Cause you deserve it

Call me up on a monday night  
Let's get feeling right  
I'm so lost and crashing down  
That I won't make it through night nine one one  
I toss and turn instead of sleep  
And my heart is one thousand degrees  
I'd give the air from my lungs to breath  
Cause I know that you'd do the same for me

I'll give you the stars  
Cause you deserve it  
Whatever you need  
When you need it  
Wherever you are  
Never forget  
I'll give you my best  
Cause you deserve it  
I'll give you the stars  
Whatever you need  
When you need it

Whatever you need baby I got it  
Wherever you go I want you right there  
I got your picture In wallet  
Things have changed but I'm still here  
All the backlash baby I don't need that  
All the pressure push me to the edge  
But you got me always got my back  
You deserve it baby you deserve it

I'll give you the stars  
Cause you deserve it  
Whatever you need  
When you need it  
Wherever you are  
Never forget  
I'll give you my best  
Cause you deserve it  
I'll give you the stars  
Whatever you need  
When you need it

I'll give you the stars cause you deserve it  
Whatever you need when you need it  
I'll give you the stars  
Cause you deserve it  
Whatever you need  
When you need it

Wherever you are  
Never forget  
I'll give you my best  
Cause you deserve it

I'll give you the stars cause you deserve it  
Whatever you need when you need it

I'll give you the stars  
Cause you deserve it  
Whatever you need  
When you need it  
Wherever you are  
Never forget  
I'll give you my best  
Cause you deserve it
