

# Forbidden Masquerade

Magnum

You were the joker that gave away dreams  
You were the actor that stole every scene  
What would you promise and what would you pay?  
Could you be honest and never betray?

With every message and each glass of wine  
Pockets of silver you never decline

Wasted and you're still reeling  
Black cloud  
Forbidden masquerade  
Sacred, the air you're breathing  
Too loud  
Terminal serenade

Hey, hey  
Just give me some relief  
Yeah, yeah, yeah-yeah

Hey, hey  
So cry yourself to sleep  
Whoa

Could be a beggar or could be a king  
Fool everybody then wipe clean your wings  
Blood on your fingers and fire in your eye  
Make no exception it's yours to deny

Stand in the rain and with tears like a flood  
Tell everybody you're misunderstood

Wasted and you're still reeling  
Black cloud  
Forbidden masquerade  
Sacred, the air you're breathing  
Too loud  
Terminal serenade

Hey, hey  
Just give me some relief  
Yeah, yeah, yeah-yeah

Hey, hey  
So cry yourself to sleep  
Whoa, whoa, whoa-whoa

Lost forever  
Won't get better  
Under pressure  
Not so clever

Woke up screaming  
You were falling  
Woke up dreaming  
Every morning

Wasted and you're still reeling

Black cloud  
Forbidden masquerade  
Sacred, the air you're breathing  
Too loud  
Terminal serenade
